Complete Cellular Mind Body Alignment Specialty Course

with **Sharon Forrest & Wendy Luk**

This course develops outstanding skills you'll use for years to come. A successful professional future belongs to the person who prepares for it. In the career of being a health professional, the future of a client's quality of life belongs to the therapist who has the appropriate tools to impact a client's life. Becoming a CCMBA/CCSMC Practitioner is one of the most important career moves you can make right now.

The CCMBA/CCSMC is claimed by researchers to be the most powerful 'Hands-On-Healing' Technique in the medical and spiritual fields today. It is written up in 100s of books.

The CCBMA/CCSMC Energy works with the Higher Self on the individual's issues no matter what they are and gets results! Testimonials . . .

Dear Sharon, Just a few days ago I got that emergency call from my sister-in-law (44-years-old) who could not move at all. After approx 80 minutes CCMBA she was up and running again - absolutely pain free ... words cannot express my appreciation for all you did for me and guided me to! I hope all is well at your end. I try to make a workshop in August. All the best and big hugs and thanks again!

~ Joe Detlef

Dear Dr. Forrest, My good friend, Lisa Chapman happened across the workshop last Nov. and signed up at the last moment. She said that it was amazing, and she immediately began incorporating her newly acquired skills into her practice with amazing results. She said I MUST go. Then last Tuesday I met two more women at a Reiki practitioner night we go to every month who also had attended. They said that your workshop was nothing less than life-altering.

~ Bonni Yerex, RN

Sharon Forrest is above all else, one of the most dedicated professionals whom I have had the pleasure to learn from. I recommend her work whole heartedly and thoroughly endorse her programs.
