Not just a workshop, it's an awesome experience!

CEU's available for Nurses ♥

- ♥ Since this workshop is very experiential be sure to wear loose, comfortable clothes (e.g. sweat-suit). Please bring your own water, a pillow and something to write on. We will have Pot Luck for Saturday and Sunday, so please bring something to share. Don't worry about what to bring, it always works out perfectly.

"All things are possible until they are proved impossible - and even the impossible may only be so, as of now."

A Few Testimonials:

- ♥ Who would have thought that after one workshop with you I would walk out of a wheelchair, change careers, open a healing center, and travel doing healings! -Gaye Burbiage
- ♥ Sharon Forrest is above all else, one of the most dedicated professionals whom I have had the pleasure to learn from. I recommend her work whole heartedly and thoroughly endorse her programs." *Dr. Bernard L. MD*
- ♥ Dear Dr. Forrest, My good friend Lisa Chapman (a massage therapist) happened across the workshop last Nov. and signed up at the last moment. She said that it was amazing, and she immediately began incorporating her newly acquired skills into her practice with amazing results. She said I MUST go. Then last Tuesday I met two more women at a Reiki practitioner night we go to every month, which had also attended. They said that your workshop was nothing less than life altering. Bonni Y
- ♥ This is my second workshop with you and I have already incorporated many of your techniques into my private practice with great results. *Dr. George P. DC*

- ♥ Hi Nick, You know more than anybody else how hard is to express what one can feel after spending 20+ hours in Dr. Sharon's presence. You said that it will be a life changing experience... It was. It really was! It has changed my husband's life as well as mine. It was fantastic - Dr. Sharon is extremely smart, beautiful, loving and inspiring person. Her talks, her teaching, her healing was amazing. I couldn't believe what she was teaching us. I was amazed how simple her healing methods are - everybody can do it without any special tools needed. That was really shocking. The healing was extremely powerful. Nick, thank you very much for being one of my angels and told me about this special person. Thank you. Emma and Leo (Health Care Providers)
- ♥ Hello Dr. Forrest:
I am delighted to know about your upcoming event in Hamilton after taking your Manifest Divinity Now course over a weekend last year. It was one of the best experiences in my life! Gaye actually assisted me in curing a severe sleep apnea condition and, since that weekend, I no longer require my CPAP machine. I am grateful that you have contacted me at this time and feel it's no coincidence. Spending a couple of hours with you would be a blessing I'm sure. Kindly let me know what your fee would be to share that time together. Kind Regards – Nia
- ♥ Incidentally, the TMJ correction that you did for me in your demonstration at Evelyn's Healing Center was permanent and still feels great. I can chew without clicking noises and can completely relax my jaw without discomfort. THANK YOU! - Liz
